Mr. FERRIS presented the Petition of J. C. Barnes, Jr., and 28 others, inhabitants of Queen's County, praying that parts of the Counties of Queen's, Sunbury, Kent, and Northumberland, might be formed into a separate County. The Petition was received and laid on the table.

Hon. Mr. TILLEY laid before the House certain papers relating to Fire Loan Bonds and Delegation Expenses.

The Petition was received and laid on the table.

N. E. ANTIMONY COMPANY.

Mr. STEVENS moved the House into Committee on a Bill to ratify and confirm the incorporation of the New Brunswick Antimony Company.

Mr. YOUNG in the Chair.

Mr. STEVENS said the Bill was accompanied by a Petition, and all the requirements of the Act had been complied with but making oath before a Justice of the Peace, which as some of the parties resided in the United States was found very inconvenient, and they prayed to be released from this portion of the law.

Mr. HIBBARD said it would require more than the bare statement of the Petition that the 15 per cent. of the capital stock had been paid up. He did not believe it had been, but if it had, it was very easy for them to show proof; the Secretary's office was quite near, and the information could very soon be obtained.

Mr. STEVENS said he held the Secretary's certificate that the amount had been paid up.

Mr. HIBBARD said he believed the matter had been before the Government, and they, not having proof of the proportion of stock having been paid up, refused to grant the certificate.

Hon. Mr. WILLISTON confirmed the statement of Mr. Hibbard as to the withholding of the certificate.

Mr. STEVENS said that was very strange, as he held the certificate in his hand, signed by the Provincial Secretary.

Hon. Mr. WILLISTON said there must be some mistake about it.

Mr. SMITH avowed that progress he reported, which, the Speaker having resumed the Chair, was done.

Mr. STEVENS then moved that the Bill be referred to a Special Committee to report upon, and Messrs. Stevens, Smith and Hibbard were so appointed.

ST. STEPHEN FIREMEN.

Hon. Mr. McADAM moved the House into Committee on a Bill relating to Firemen in the Parish of St. Stephen.

Mr. YOUNG in the Chair.

The Bill was agreed to without any debate.

The House then adjourned till tomorrow morning, at 10 o'clock.

Mr. SKINNER reported that the Committee to whom had been referred the Bill to incorporate the St. John Marine Insurance Company had amended the same, and recommend the Bill as amended.

COUNTY COURTS.

Hon. Mr. FISHER moved the House into Committee upon a Bill to establish County Courts.

Mr. BOTSFORD in the Chair.

Mr. FISHER.—This Bill will recommend itself, and it is not necessary for me to make any lengthy remarks upon it. It has long been the desire of the country that there should be some more expeditious way of collecting small debts, and a less expensive way of administering justice; therefore, to meet this want, this Bill has been prepared to establish County Courts, so that causes may be brought to a more speedy issue, diminish the amount of business in the Supreme Court and get rid of the Court of Common Pleas. They will try a large proportion of the Criminal business, which is now a great expense to the country from persons being detained in jail for a length of time, in consequence of the infrequency of the sittings of the Supreme Court in some Counties. If we feel that these County Courts are necessary, we will all feel anxious that its provisions should be made as perfect as possible, and we invite the assistance of hon. members to attain that object. A question has been asked as to whether this House has the right to legislate upon this subject. I did not believe we had a perfect right
