

pretty well. I would like to say now that he is going across to England after his lengthy stay and perhaps will put in a good word for us with the Dominions Office to get the help we want. We want future help in connection with this tariff question. I sincerely hope Mr. Wild will be able to do something for us in that direction. I take great pleasure in proposing a vote of thanks to Mr. Wild and wish him the best of luck in the future.

**Mr. Bailey** I second that motion.

**Mr. Smallwood** Is it the intention that Mr. Wild will not come back?

**Mr. Job** I suggest we adjourn *sine die*.

**Mr. Brown** I would like to support the proposal of a vote of thanks so ably proposed by Hon. Mr. Job. I have known Mr. Wild since he first came to this country. We had many good tiffs; there were times when he was perhaps wrong and there were times when he was critically correct; but I have always found him co-operative and he did the best he could in his way, and he did a fairly good job. Let us wish him bon voyage and hope that he and his good wife reach the homeland safely. I hope also that he will be able to help us in the future.

**Mr. Chairman** You have heard the motion proposed by Mr. Job, seconded by Mr. Bailey and supported by Mr. Brown for a very hearty vote of thanks and deep appreciation to Mr. Wild for his

courtesy in coming here this afternoon, and for this helpfulness, and to wish him bon voyage and the best of health and happiness for himself, his wife and family.

*[The motion carried]*

**Mr. Chairman** Mr. Wild, I present you with this vote of thanks and our best wishes for your future.

**Mr. Wild** I deeply appreciate your kind wishes and I can assure you it has been a great pleasure to me to come here and meet you. I am sorry I have not been able to tell you more or spend longer with you. I was in Newfoundland from 1934 to 1938 and when I was asked to come back again in 1944, I gladly did so. I think, as Mr. Dunn says, Newfoundland gets in your blood. I can assure Mr. Job that when I go back I shall have the welfare of Newfoundland in my heart and shall be willing to do anything I can do. I hope Newfoundland will put up a good show in the tariff negotiations, and even though you are a small country, the very fact that you are small is all the more reason that you perhaps can put something across. I do hope that the deliberations of the Convention will go forward with the same promise shown in the last two weeks. I do wish you the very best success in your efforts.

*[The Committee rose and reported, and the Convention adjourned]*
