

[illegible]

FRIDAY, May 4.

Hon. Mr. Coles said copies of the book containing an account of the Conferences held in the Maritime Provinces, and in Canada, in the year 1864, relative to the Union of the Provinces, should be placed before hon. members for reference, as it appeared the subject of Confederation was to come before the House.

The books asked for, and which had been in the Legislative Library for the use of members, were accordingly produced.

SATURDAY, May 5
