our debts we could go on with the public works. We are not like Nova Scotia with her mines and minerals; we have no gold her mines and minerais; we have no gold fields; we do not go so deep into the shore fisheries, and yet they are able to keep their debt at a lower figure than we can. Take Prince Edward Island; they are going on faster than any of the other are going on faster than any of the other Previnces are the second of th odell complains that something must be done. Agricultural interests must be be done. Agricultural interests must be improved, or the young men will all go out West. I saw it stated that lately there has been a perfect exodus from Canada.

fairly, the Government must serve all portions of the Province alike. Seeing all this, I cannot withdraw my amend all this, I cannot windraw my amend-ment, and I am sure members of the Government, were they in my circum-stances, would do the same. I think it hest for the law to take its course, and leave the work for companies to take up.
It may be that Mr. Parks will come out and surrender his charter for hwith. Then the Government are going to take the matter in hand; but I would like to the matter in hand; but a would are to know where they are going to get the money, and if they intend to raise it on the same terms as in 1857, I think they will find great difficulty, as our bonds have settled down and will not likely rise
