Mr. Speaker. I shall not shrink in expound its questing that Suisse or Eopinion on this great question; all great catery has been raised on the
appeal of the state of the s ser Edwar of Annaubly of the discussion being surriped on by editors, and shall adopt the ser-armed "figure are off-packed in the College than referringing terribers from canatina, for Epocke, that the space of history says often man in chapter to Commission would allow them." I so its raise, for the proof of any symple sub- tent zone that many how construct, or do not shad of the freeze, it is not a more than a fort the proof of any symple sub- tent zone than many how construct, or the college of the freeze was a support of any symple sub- tent zone freeze than the college of the state of the college. The second of the college is the college of the Region. When the proof of a Logislative Union was proposed, iteraging with Region to the first "The bloss tone as a soper section, and trie in that position characteristic was proposed of a Logislative Union was proposed, iteraging with Region to the first "The bloss tone in a rised difference between a Logislative Union of the direction of the Intercolour Region and Colonia. We would be bound in all our local affirm stands we would receive indicate breastful that we assigned to the direction of the Intercolour indicates the state of the Colonia. We would be bound in all our local affirm stands we would receive indicate breastful that we can action of a Parisment constituted order a Logislative Union of the direction of the three positions. Order to the colonial tent was a state of a Parisment constituted order a Logislative Union was the colonial tent with the colonial tent was a state of the al of all tembers of legislation possible is one circumstances. Now, and the state of the property of the control of the configuration of the configuration

"The best interests and present and foltre prooperity of British laperious the number of preparatives to the different Colonials.

Routh America will be presented by a Federal Union under the
Clovers of Great British, provided such Union can be effected or

principles just not be several Provided.

British Colony shall be interpreted. He labors under a minimum of the principles of the several Provided and the several

principles just to the serious Provinces."

I am trefty selprined that any gestleman, who being present as a light present in the proper time. The critical will be serious and in the time is at land when we must ascend the time is at land when we must ascend our light present to the proper time. The critical share of the time is at land when we must ascend our light present to the proper time. The critical share of the time is at land when we must ascend our light present to the proper of the proper of the present of the pres se in high station many years ago. In that mine of political fermation, the Report of the late Lord Durham, the opinion is invention, the Repert of the late Lord Durham, the opinion is presented and tools among themselves can alone present these late to Nova Scotis, any evidence on the present can be presented that the subjects of the makes of the subjects of the present the subjects of the present of the Nove Brenardisch states that are breen absorbed in the late is not precision to the Provinces. In place, statematically, the present of the Nove Brenardisch state that are all yet first space was the best of the Nove Brenardisch state that the present of the Nove Brenardisch should be presented by the State sading was seen than two present or two-fields. How you can east a sometime to converge or the disputations of all humber of representatives—file. But the inflax of items—and of the United Stricts a physically low over understand the convergence of the converg ety came into power, the idea was broached of dise aty-came inter powers, the sides was bronched of dissolving the differenties of the tide-of-lease mine with Fourse Canada, such having a general Conferenties, those Calcales, where his drives the special content of the desirable properties of the desirable of the properties of the desirable of the desirable properties of the desirable of the desirable properties o
