Anticle Emport of the Castore Conference are jest to table Jeland, in some of the manipplities of Upper Canada, has been to be no. I decided myself in days of this deleted, in order to territy the people of this Island, and came of the second of the Island, and came of the Island of the Island, and came of the Island of The set bigs above. The first defend telendance be. In a finesty in second over an extraction that the second control of the second aggregate population of the provinces, and that therefore we have unjust only those principles with the the distinction about pay angually, in extra testing, a successful British, subjects. In the distribute Provinces are now to be found in E. Sir. contend that, noder Confederation, we should for reasons, the descendants of men who left the United States upon the 4, Dir., contens taxt, soon required read to the control of the co and one a year, logatine with the annual artowance of 80 conti British subject; and rather than become Republicant they made per hand of per population, estimated according to the neutro of the generate success, and suaght now homes on British, and it is a few other them, would be sufficient for our re-the widernose in Nova Scotia, New Branswick and Prince quiesment. (Laughter, But, my the opponents of Confed Edward Island, But, Six to return to the commercial arguments artists, "our population will, in a few years, be doubte what Confederation would give so better markets then we now have eration, while our income from the General Government will for our agricultural produce. Halifax, Boston and St John woold ut now is, we not measure from the trade of asserting that the become great and populous cities, the emperiums of trade and expense of assistaining our Government would not be materially manufactures; and, with these capitals we have, even now, daily expense of manulaming our Government would not be materially inausfactures; and, with those capitals we have, even now, duly increased, atthingh our populations should be abouthed. The journment cann be these cause we havelind failed and yet allowance of 80 cents per head is fired nike to all the frontness increased markets for our produce, and consequently should be When the population of Cheaded, Nova Boots. New Stransvist, better able to be an increased tasking there are not present to and Newfoundland, shall be increased to 7,000,000 or 8,000,000. pay the taxes to which we are subject. Confederation would those Provinces will receive no more than 80 cents per head of also give as the Inter-colonial Railway, with its many advantages. times transmiss will remains no more time 30 cents par head olision give as the inter-contail Kailway, with its many advantages, their population in 1861. In all the British North Americana Blat, Sir, one at least of the opponents of Confederation——
Provinces, Revenue is derived chiefly from Cestoms and Excless [geniforms high in position in this lated—that agged as reason When the population of the Confederation while the double what why we should not except Confederation, that the later-colosed it now is, the consemption of actions paying daty will be result [Kailway would injure the people of the confederation while the Redecarding and injure the population of the Confederation while the Redecarding and provides and the confederation of the confederati increased, and the reveese proportionally asgassed. Redaction that gentleman to whom the field to the press of traging studies of tastice would tollow, as a mixer of correct. The gentleman to whom the field of the work of the property of
